

# PROJECT 4

## PART 2

### RUN A FACEBOOK CAMPAIGN

## CAMPAIGN APPROACH

I have chosen to work on Udacity's Digital Marketing Nanodegree Program (i.e DMND Program) for this Campaign

A Udacity Nanodegree program helps prepare learners for the new world of work, and many Udacity graduates go on to land their dream jobs with top companies around the world.

## Campaign approach

Is to Target the Students which start with finding the right students who are interested in our DMND Program based on Demographics, Interest, and Location by providing them with a free copy of the eBook on their emails once we get their email address.

Demographic Factors ( includes age, gender and language)

Age- I chose age limits from 20- 35 who are looking for a change in their career path or who want to upgrade their skills.

Gender- It is for everyone i.e there is no gender discrimination.

Language- All languages.

Interest factor- People interested in learning Digital Marketing.

Location- Preferred location is India.

Budget- For the Campaign is \$100

Scheduled Campaign- For Three(3) Days.

For this we have our [Landing Page](#) where prospective students can download a free eBook if they provide us with their email address. The eBook- a Social Media Advertising Guide- is a short excerpt from the Digital Marketing Nanodegree Program, content that you will see in the Social Advertising course.

## KEY RESULTS

Campaign	Results	Reach	Cost	Amount Spent
Ad One	N/A	34192	N/A	\$80.30
Ad Two	N/A	7064	N/A	\$14.51
Ad Three	N/A	1912	N/A	\$5.19
Overall	N/A	41808	N/A	\$100.00

## **CAMPAIGN EVALUATION**

The campaign was set for 3 days to attract maximum of 100 potential students and collect their email address and get engagement through email but this was not a successful campaign, though it reached 41,808 people but there was no conversion.

## EVALUATION-

1) No conversion from any of the 3 ads so the ROI is negative.

$$2) \text{ ROI} = \$15 * \text{N/A} / \$100 = \text{N/A}$$

## **CAMPAIGN EVALUATION: RECOMMENDATIONS**

If I had more budget i would add new target location i.e US and stop the non-performing ads and create new.
